The PACE Program is committed to providing a caring and supportive environment for children and families.

We respect the right of all children and families to be heard, updated and actively involved in planning and in the decisions affecting them.

Parents / guardians / professionals are encouraged to raise questions or concerns about the program or our policies and procedures.

We also support the individual's right to complain about actions or decisions impacting them.

Your participation in the complaint process will not impact services offered to you and your family. We strive to help people feel heard and work to find solutions together.

IF YOU FEEL THAT YOU:

- *Were treated unfairly,*
- *Were not asked for your point of view or input,*
- *Have concerns with the staff actions or about PACE services,*
- *Didn't get your needs met, or that you*
- *Had your rights ignored, (also see Ministry's booklet "Know Your Rights" for details available from MCFD or your social worker).*

Then you may want to make a complaint.
