

# Unique Employment Opportunity!

The PACE Program has a part-time opportunity for an Early Childhood Educator to work with a team of skilled and dedicated professionals to provide an intensive child and family program for preschool aged children (aged 3 to 5), who demonstrate emotional and/or behavioural challenges. There is potential to provide direct support and consultation to childcare programs generally, or specifically with a child and staff team, with some parent connection.

**The Family Program** is a unique, innovative program, with a high ratio of teachers to children, offering an environment to work intensively with both the child and their family, developing and supporting social/emotional skills and attachments. This position also includes supporting the children to and from the program in our 15 seat passenger van, in partnership with another team member, one day a week.

The **Outreach Support Services** component includes offering hands-on support and consultation to early childhood and school age programs, supporting children with high emotional and behavioural challenges within Vancouver and Richmond.

---

## Goals of the PACE Family Program:

- To offer the child and family a range of supports, including a play-based preschool program that focuses on the emotional, social, cognitive and physical growth of the child.
- To build on the family's strengths and the child/parent relationship and attachment, as well as supporting the overall growth of the child. Parent/caregiver involvement is essential and an integral part of this family program.
- To work in partnership with the child's family, caregivers and other professionals, developing goals and a plan based on strengths and needs.
- To support children, where possible to continue to participate actively in settings within their community while participating in the preschool component of the Family Program (e.g. also attending daycare, preschool or transitioning to school).

**\* ECE qualifications required; past work in a variety of childcare settings also required.**

**\* 16-20 hours per week plus competitive benefit package - *with potential for more hours***

**\* POSITION START DATE: as soon as possible**

At PACE, we believe strongly in supporting team members' growth, and welcome those who are interested in joining us in this pursuit. We provide regular clinical consultation and ongoing professional development opportunities.
