

Unique Employment Opportunity!

The PACE Program is looking for a creative and flexible individual to join our supportive and skilled professional team within our Family Program. This is a part-time opportunity for an Early Childhood Educator to work within a team to provide an intensive child and family program for a small group of preschool-aged children (aged 3 to 5), who demonstrate emotional and/or behavioural challenges.

The Family Program is a unique, innovative program, with a high ratio of teachers to children, offering a supportive environment to work intensively with both the child and their family, developing social/emotional skills and attachments. The program works in partnership with the child's family, caregivers and other professionals, to establish goals and a plan based on strengths and needs. This position also includes supporting the children to and from the program in our 15 seat passenger van, along with another team member.

At PACE, we believe strongly in supporting team members' growth, and welcome those who are interested in joining us in this pursuit. We provide regular clinical consultation and ongoing professional development opportunities.

- * ECE qualifications required; past work in a variety of childcare settings an asset.
