## Unique Employment Opportunity: Part-time – With the PACE Program

The PACE Program is looking for a creative and flexible individual to join our supportive and skilled professional team within our Family Program. This is a part-time opportunity for an Early Childhood Educator / Child & Youth Worker to work within a team to provide an intensive child and family program for a small group of preschool-aged children (aged 3 to 5), who demonstrate emotional and/ or behavioural challenges.

**The Family Program** is a unique, innovative program with a high ratio of teachers to children, offering a supportive environment to work intensively with both the child and their family, developing social/emotional skills and attachments. The program works in partnership with child's family, caregivers and other professionals, to establish goals and a plan based on strengths and needs.

This position includes working as a teacher in the therapeutic preschool program and supporting the children to and from the program in our 15-seat passenger van, along with another team member. As part of the bus team, this would include driving the "bus" one day a week, sharing the responsibility with other members of the team. PACE would support the applicant's getting the class 4 license by shouldering the cost of the license, paid practice driving and providing an information/driving class with a professional driving school.

At PACE, we believe strongly in supporting team members' growth, and welcome those who are interested in joining us in this pursuit. We provide regular clinical consultation and ongoing professional development opportunities.
